

LOVINGLY HANDCRAFTED IN THE HEART OF CENTRAL NSW

OUR STORY

Meeraboo have been pouring candles since 2014 and are a family owned business based in Canowindra NSW. Run by mother and daughter(s) team, Deb, Danni and Jess, we are passionate about candle making and ensuring that we deliver the highest quality product for our customers to enjoy.

Our aesthetic is minimalist and classic, working in a palette of matte white, gold and natural hues to complement the style of every home. Our luxurious candle collection combines scents inspired by everything that we love - simple, beautiful things.

Our candles are preservative and petroleum free, environmentally friendly, vegan, non-toxic and lovingly hand-poured.

“I LOVE THE FRAGRANCES AND HOW GOOD THEY SMELL BY JUST TAKING THE LID OFF.”

IN THE MAKING

Our Maker

Deb (mum) is the candle-maker and has found her calling. Whilst working full time elsewhere, mum has been known to make candles at the wee hours of the morning before heading off to milk cows. Mum is constantly looking for new ways to improve Meeraboo, and you will always find burning candles in her home as she perfects her craft.

Our Meeraboo's

Nothing but love, a blend of fragrance and essential oils and 100% natural soy wax goes into our Meeraboo's. All candles are hand-poured in small quantities to ensure consistency and quality and everything else is hand done, right down to the labelling and packaging.

Our Vessels

Our vessels are made from high quality glass to withstand high temperatures and can be reused or recycled. Visit our website to find out more about #meerecycling.

High Quality, Eco Friendly Supplies

Our candle fragrance oils, wax and wicks are sourced only from the highest quality suppliers, which have gone through rigorous testing of our own to ensure we are only delivering the best to our customers. We are passionate about the environment and ensuring we have minimal impact. Our packaging is reusable and recyclable, and we try to limit the use of plastic as much as possible.

SCENT GLOSSARY

Almond Vanilla

With smooth, creamy vanilla milk, sweet almond and warming brown sugar, this fragrance delivers a nostalgic experience of times past.

Amber + Moss

Leaves crunching underfoot, the scent of fallen tree limbs and damp undergrowth fills the air. The earthiness of pine needle fuses with oriental amber, patchouli and sandalwood.

Australiana

Fresh flora and fauna dance on notes of clove, fir needle, leafy greens and just a hint of lemongrass. Reminiscent of a true-blue Australian Christmas.

Blue Spruce + Pine Needle

Essential oil infused, this candle is the most beautiful blend of spruce, fir needles, cedar wood and balsam finished with a sweet twist of clementine.

Calm

Our biggest scent request has been for something calming, well here it is! This beauty combines calming lavender & ylang ylang with citrus notes and a vanilla base.

Chai Latte

With warm spices, cinnamon, ginger and clove indulged in layers of creamy vanilla, it's so indulgent - without the calories.

Coconut Lime

A tantalising fusion of fresh coconut, lemon and lime soothed by luscious vanilla. A classic favourite.

English Pear + Freesia

The sensuous freshness of just-ripe pears wrapped in a bouquet of white freesias and mellowed by amber and patchouli.

Mint Mojito

Cool, fresh and invigorating, this candle is a true rendition of the classic mojito cocktail. This scent fuses freshly muddled mint with tropical undertones of pineapple and sugarcane.

Neroli + Cedar Leaf

Descend into a perfect blend of sweet and woody with sharp neroli, teak wood and bold cedar leaf.

Salted Caramel

With gorgeous, sweet buttery top notes, salty nuances, cream caramel, coconut and candied pecan, this fragrance is TDF ("to die for").

SCENT GLOSSARY

Strawberries + Champagne

A candle that needs no introduction, it's our most loved and best-seller. A sweet blend of red fruits boosted by lily, roses and apple cider.

Sugar Plum, Clove + Mandarin

Ignite the magic of Christmas with this festive blend of apple cider, cranberries, sugar plums, fresh spruce, mandarin, cinnamon and clove.

Thyme + Clove

A warm, vibrant fragrance mixing violet, jasmine, cinnamon, clove and thyme with hints of sandalwood, patchouli and vanilla.

William

William is our 'mandle,' and combines alluring notes of bergamot, tobacco, lime, mandarin, cedar wood and leather.

Willow

Our oriental beauty, fusing clove buds and smooth vanilla - the perfect mix of woods and spice.

Ylang Ylang

Intensely sweet, floral and slightly spicy with banana like overtones, Ylang Ylang is one of the best fragrances to relax your mind and body.
