What our customers say...

“MEERABOO CANDLES’ SCENT LAST TILL THE VERY END.”

“NOTHING BEATS THE AMAZING SCENTS AND HOW LONG THEY LAST IN THE ROOM. IT’S BEAUTIFUL.”

Right The Meeraboo Team, Deb, Danni and Jess.

DID YOU KNOW?

The name Meeraboo was inspired by our love of rabbits. Our little brother Charley coined the term Meeraboo combining the words Meerkat, Rabbit, Kangaroo due to our rabbit’s unique personalities and posture. Isn’t he clever?

IN THE MAKING

OUR MAKER

Deb (mum) is the candle-maker, and has found her calling. Whilst working full time elsewhere, mum has been known to make candles at the wee hours of the morning before heading off to milk cows. Mum is constantly looking for new ways to improve Meeraboo, and you will always find burning candles in her home as she perfects her craft.

OUR MEERABOO'S

Nothing but love, fragrance oil and 100% natural soy wax goes into our Meeraboo's. All candles are hand-poured in small quantities to ensure consistency and quality and everything else is hand done, right down to the labelling and packaging.

OUR CANDLE JARS

Our candle jars are made from high quality glass and the 270g collection is topped with a brushed copper lid with seal to keep the candle fresh. The lid is also designed to be used as a base for the lit candle to keep furniture cool.

CANDLE CARE TIPS

Our 270g collection includes candle care tips under the lid of each candle to ensure customers burn their candle safely and efficiently to get the most out of their Meeraboo.

MEERECYCLING

At Meeraboo, we are mindful of the environment, so we recycle as much as possible. We also encourage our customers to recycle by returning their jars for refills, or for a \$2 cash back at participating stockists. Conditions apply, see our website for details.

HIGH QUALITY SUPPLIERS

We currently purchase all our products from Australian suppliers, with our ultimate goal of continuing to support Australian business as much as possible. Our candle fragrance oils, wax and wicks are sourced only from the highest quality suppliers, which have gone through rigorous testing of our own to ensure we are only delivering the best to our customers.
